## DESCRIPTION

The LÉGER FOUNDATION and Radio-Classique in partnership with the Air Canada Foundation present *Marc Hervieux and Friends*

*Marc Hervieux and Friends* is a concert of intense emotion with three of Québec's most talented voices: Marc Hervieux, tenor, Caroline Bleau, soprano, and Hugo Laporte, baritone. With a repertoire that draws from opera classics and popular songs alike, La Sinfonia de Lanaudière, conducted by Maestro Stéphane Laforest, has a festive concert in store with a wonderful surprise: a performance by young piano prodigy Daniel Clarke Bouchard.

When you purchase tickets to the Cardinal Léger Concert, you are helping to fight poverty and social exclusion in Québec and around the world.
